¹ Although the objection period for the Third Monthly Fee Application under the Interim Compensation Procedures has not yet passed, these figures assume that no objection will be raised with respect to same and thus includes 80% of the fees and 100% of the expenses from the Third Monthly Fee Application. These figures also include fees and expenses from the Second Monthly Fee Application, which objection period passed without objection, although payment thereon may not yet have been processed by the Debtors by the time of the filing of this Application.

² While the total number of timekeepers billed during the time period covered by this Application was 33, this was a result of timekeepers shifting on and off the matter as needed to address issues as they arose (or fell away) during the chapter 11 cases. On a monthly basis, the number of timekeepers billed never exceeded the staffing plan for each month. To wit, the number of timekeepers included in each Monthly Fee Application and the number of timekeepers on each staffing plan are as follows: 23 in First Monthly Fee Application and 23 in staffing plan; 26 in Second Monthly Fee Application and 26 in staffing plan; and 21 in Third Monthly Fee Application and 23 in staffing plan.
